- 900 - 1,100
- 1,100 - 1,300
- 1,300 - 1,500
- 1,500 - 1,700
- 1,700 - 1,900
- >1,900

There might be some ID errors here (for Lessers) and that gap in the far west is really curious but otherwise this map shows how well distributed this species is, esp with considerable post breeding dispersal to favoured food sources.

ARUSHA SQ A CURIOUS GAP !

This gap may well be real.
