- 1,700 - 1,900
- >1,900

Britton (1980) gives the race *F. s. uluensis* for the Crater Highlands to Kilimanjaro and the North Pares. This presumably includes all birds north of the red line. Birds to the south of the blue line would be nominate. This gap occurs in other species but the general area is poorly known.

Everyone should know the call of this bird.  
A rhythmic " I'll drink yer beer " repeated several times.
